On average, in 2018, the cost of holding people in federal custody was \$102.60 per day per adult, or \$37,449 a year.

The average cost for psychiatric treatment in a community hospital ranges from \$3,616 to \$8,509, depending on the type of illness being treated. A simple calculation reveals that for an adult, the cost of 35 to 83 days in prison would provide the financing of a hospitalization that would have a better chance of bringing about recovery.

NEW VISIONS & OXNARD CLUBHOUSE

Celebrating over 35 years of Mental Health & Rehabilitation in Ventura County

To improve the quality of life for adults experiencing serious mental illness, addiction, lack of housing and inadequate physical health care.

We do this through providing health navigation services, rehabilitation, wellness & recovery programs, as well as temporary, transitional and permanent supported housing in Ventura County.

New Visions Center and Oxnard Clubhouse are rehabilitation centers offering members experiencing mental health challenges a place to learn symptom management skills, improve community & independent living skills, participate in productive & recreational activities and become integrated back into our community.

Community integration and independent living skills include movie outings, bowling, holiday parties, gardening, grocery shopping, meal preparation, cleaning & tidying chores. Our members are referred by Ventura County Behavioral health (VCBH). We are happy to help connect those in need of mental health support with VCBH services.

Our Programs run from 9am - 2pm, Monday - Friday

Some of our group therapy sessions include:

- Schizophrenia Support Group
- Self-Esteem Group
- Relaxation Group
- Co-occurring Disorders Group
- Symptom Management Group
- Positive Thinking Group
